

The following represents my position in strong opposition for a motion to amend the Delta Plan to automatically accept new conveyance, i.e., the Delta tunnels.

Do not make dual conveyance, i.e., the Delta tunnels, a promoted option or preferred alternative at this time.

Instead, do the comprehensive review and analysis required by the Delta Reform Act as well as the benefit-cost analysis before making any decision, preliminary or otherwise, to promote dual-conveyance or make that the preferred alternative.
